Dear Jim & Vickie,

Thank you so much for the beautiful salad set. (It finally came). It really is very attractive, and both Mike and I really like it.

We are ~~been~~ living in Olympia now. Mike is working for the Federation of State Employees Union on a temporary assignment. This is perfect for Mike as it gives him time to decide what he wants to do now. He has gotten some good offers, but it is always hard to make the decision.

It is really nice living close to my job -- since driving from Seattle was driving me crazy! We have a real nice staff, and I do like my job well, I will write more later. Have fun in Paris. Love, Mary
